BLOWER MOTORS / WHEELS & ASSEMBLIES

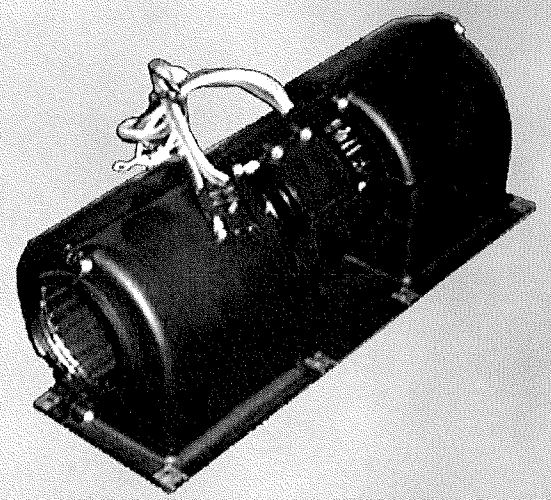

**4100010 BLOWER MOTOR
4100000 BLOWER WHEEL**

12 Volt, double shaft electric motor. Three speed reversible, vented. 5/16" shaft. Shafts are 3" long. Blower wheel includes clip.

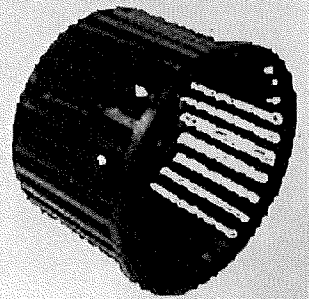

4100976 BLOWER MOTOR ASSEMBLY

Consists of the above motor, two of the above blower wheels, and assembly. Fits our 4212001 / 4212002 systems.

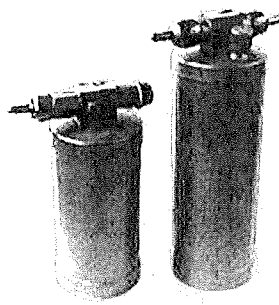

**4100336 BLOWER MOTOR
4102650 BLOWER WHEEL**

GM / Class A / Astro blower motor. Shaft is 1 3/16" long. Blower wheel includes clip.

MISC. SMALL PARTS

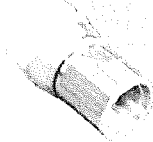

RECEIVER DRIERS

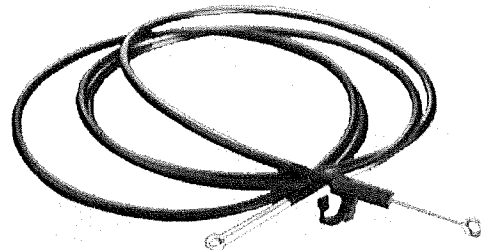

- 4103052 - 3/8" Inlet & outlet, w/switch port
- 4103050 - 3/8" Inlet & outlet, no switch port
- 4103054 - Standard GM 134a, no switch port
- 4103059 - GM 18mm x 12mm, metric switch port
- 4103061 - GM 18mm x 18mm, metric switch port
- 4103062 - GM 18mm x 18mm, metric switch port, welded mounting brkt.
- 4103063 - GM 18mm x 12mm, metric switch port, welded mounting brkt.

CONDENSER FANS & ACCESSORIES

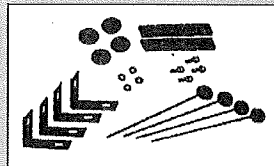

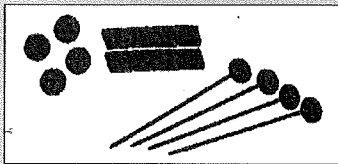

Thinline type excellent for auxiliary radiator or A/C condenser cooling.
Improves A/C performance and overall engine cooling.

ALL FANS 12 VOLT, GLASS FILLED NYLON EXC. AS NOTED

CONDENSER UNITS

0517401 OVERHEAD CONDENSER

This workhorse has been around for years, and is still one of our best sellers. A very high quality, rust resistant finish keeps this one looking good. Features two heavy duty, weather sealed motors, and a 12 FPI coil. Ideal for overhead or skirt mount applications, and is available in 24 volt. Bulkhead fittings and receiver drier included.

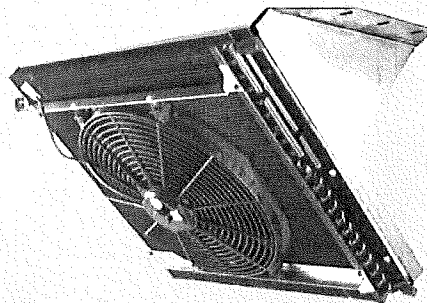

7.5" H x 28.5" W x 12.5" D

4513022 FRAME MOUNT CONDENSER

Shown with the 16" heavy duty, weather sealed fan and rail mounts, this condenser is a natural for mid-ship mounting.

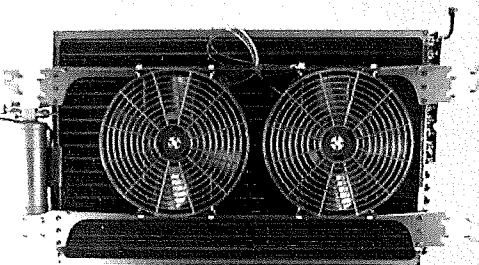

22" H x 25" W

4513008 RV CONDENSER

With two 10" sealed electric fans, this is a perfect replacement for the Chevy "P" chassis

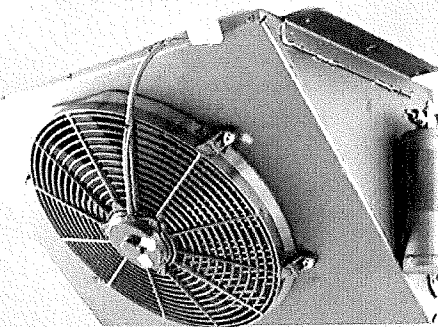

18" H x 38.25" W x 1.75" D
COIL: 18" x 28"

4513030 SKIRT/FRAME MOUNT CONDENSER

Very heavy duty steel enclosure, 16" weather sealed high capacity fan, multi-flow aluminum condenser, may be frame or rail mounted, weather resistant coating, available in 12 or 24 volt, trinary switch included.

OVERALL SIZE: 12.75" H x 30.25" W x 14.75" D
FIN SIZE: 25.75" W x 12.5 H x 1" D

4513034 ENHANCED FLOW W/FAN R/H FITTINGS 4513035 ENHANCED FLOW W/FAN L/H FITTINGS

Multi-flow enhanced design, high capacity
14" weather resistant fan.

FIN SIZE: 25.75" W x 14 H
